PRISM 1970

Florence Regional Campus
University Of South Carolina

SO LONG AS

SO LONG AS THE VOID
IS HYSTERICAL

BOLTED OUT YOU FLOAT
ON NOTHING

BUT PROCEDURE ALONE

EATING, SLEEPING LIKE A MAN

DEPRIVED OF THE WEIGHT OF
HIS OWN AND ALL HUMANITY

IN THE NAME OF
A NEW LIFE

AND THROUGH THIS, MAKING NEW
TIME SLOWLY, THE MOON COMES.

So long

So long as the void
Is hysterical, bolted out, you float on nothing

But procedure alone,

Eating, sleeping like a man
Deprived of the weight of his own
And all humanity in the name

Of a new life

and through this, making new
Time slowly, the moon comes.

Its mountains bulge
They crack they hold together
Closer spreading smashed crust
Of uncanny rock ash-glowing alchemicalizing the sun
With peace: with the peace of a country
Bombed-out by the universe.
You lean back from the great light
shattered face the pale blaze
Of God-stone coming

Close too close, and the dead seas turn
The craters hover turn.
Their dark side to kill
The radio, and the one voice
Of earth.
You and your computers have brought out
The silence of mountains the animal
Eye has not seen since the earth split,
Since God first found geometry
Would move move
In mysterious ways. You hang
Mysteriously, pulling the moon-dark pulling
And solitude breaks down
Like an electrical system: it is something

Else: nothing is something
Something I am trying

To say O God
Almighty! To come back! To complete the curve to come back
Singing with procedure back through the last dark
Of the moon, past the dim ritual
Random stones of oblivion, and through the blinding edge
Of moonlight into the sun

And behold

The blue planet steeped in its dream
Of reality, its calculated vision shaking with
The only love.

Student Government

Student Government is an instrument of education as well as representation. It provides an opportunity for learning and promoting citizenship, scholarship, leadership, human relations, and cultural values. It is responsible for interpreting and reflecting student viewpoints. Involvement and dedication have secured a progressive change in the USCF Student Government. Long tedious Council meetings . . . pre-school mixer . . . intramurals . . . demonstration for Dr. Varney . . . constitution . . . May Day . . . are reminders of Student Government interest and enthusiasm in student life at USCF.

PRISM STAFF '70

Selectivity which represents and emphasizes a total college year is the responsibility of the year-book staff. Imagination and organization first and then perseverance and good photography, with cooperation and patience permeating the whole, are the requisits. The staff trusts that PRISM will catch and refract events of 1970 to their enhancement.

Editor -- Calvin Benton
